

Weed Elementary School

September 7th – 10th

What's Happening

We will resume on-campus learning with all programs still being offered but for the next couple of weeks, we are shifting to a more restrictive school-day. For those of you that remember 2020-21, we are going back to those procedures (i.e., smaller class sizes, cohorts, regular temperature checks, mask wearing, social distancing, room sanitizing, etc.). We ask for your cooperation during this "spike" as we will get through this.

It is vital that our families communicate with us and take the appropriate measures to not expose others. We must continue to work together for ALL OF OUR SAKE. If you or any family member is feeling any of the symptoms, **please do not come to school**. You may immediately contact the teacher and/or office and we will make arrangements for an Independent Study program while you take the appropriate steps.

Drop off & Pick Up:

We realize things are very different this year!

Did You Know?

We contact trace every positive COVID case we hear about on our campus. Our intent is to keep students on campus while providing a safe learning environment for our staff and students. It is imperative that we work together to continue communicating so we can stay ahead of this.

Students of the Week

At WES we believe in recognizing our students' positive behavior as much as we can. Students who are chosen by their teacher as Student of the Week will be recognized at our weekly Friday assemblies in the gym at 10:15. Our plan is to contact parents the evening before to let them know of their students' success and invite them to join us in celebrating their student on Fridays. Obviously, if restrictions on group gatherings change, we'll have to figure something else out, but we REALLY want student's recognized in this public way and will do all we can to make that happen

Congratulations are in order:

A big congratulations to Elijah Crawford and his grandpa, Ruben Alvarado for submitting our winning design! We loved all the artwork that was submitted, and we thank the community of Weed for their participation in this effort!
