Cub Character Focus

KINDNESS

Kindness is the quality of being friendly, generous, and considerate. It is showing concern about the well-being and feelings of others.

Did You Know?

Weed Elementary School holds "Co-Op (Coordination of Programs) Meetings" every 6-8 weeks. An eleven-member team meets with each teacher about each student to make sure your child is getting the best education and every opportunity to succeed at school. This team includes representatives from our Wellness Center, our Resource Team, our English Language specialist, Speech therapist, Nurse, and administration.

Other News

Construction continues on our new campus. We are scheduled to finish the Bus Lane in front of our new cafeteria by the end of the month. This bus lane will have an electric charging station for our new electric bus (acquired through grant funding) – coming soon!

Work also continues to progress on Increment 2 – The Classroom portion of our campus.

Ways to Get Involved at Weed Elementary

- Join School Site Council – Meetings are once a month
- Join Cub Power – Meetings are once a month
- Be a Parent Volunteer in the Classroom & on Field Trips
- Attend Board Meetings – Meetings are usually once a month
- Talk to our Wellness Center – They have tons of opportunities to participate in and we are SO fortunate to have this team on our campus

Inquire in the Office for more information on how you can get involved!

Wellness Center

One way people may express their feelings is through making art. The use of specific colors, textures, lines, and shapes can convey an artist's emotions. Engaging in creative activities is also useful in reducing stress. Our first art club session will begin on Tuesday, September 19. Students will be sculpting and painting air-dry clay. Through this project, they will learn color theory and experiment with different textures.
